MUHAMMAD ROZYHAN RAMADHAN

Medan,Indonesia | muhammadrozyhan@gmail.com | https://www.linkedin.com/in/rozyhan

A 5th-semester student in the Informatics Management study program at Politeknik Negeri Medan, maintaining a strong GPA of 3.63. I have developed solid skills in Web Development, with a keen focus on Front-End and Full Stack Development. My passion for technology drives me to continuously learn and improve, both academically and professionally. I am eager to apply my knowledge and skills to contribute effectively in any challenging environment.

EDUCATION

POLITEKNIK NEGERI MEDAN   **Aug 2022 – Present**
Informatics Management
- GPA 3,63/4,00

UNIVERSITY OF INDONESIA   **Feb 2024 – Jun 2024**
Media Production
- *Pertukaran Mahasiswa Merdeka 4*
- GPA 3.30/4.00

EXPERIENCES

LOGEE   **Aug 2024 – Present**
Hacker-Front End
- Participated as a front-end developer in the Digistar Class 2024 program by Telkom Indonesia, where I was tasked with developing vehicle tracking features for Logee Transportation, a leading logistics company.
- Collaborated with a team to develop and enhance the vehicle tracking features on the Logee platform, ensuring a seamless user experience.
- Worked on a B2B platform that simplifies the management of container imports and exports, integrating with multiple terminals including NPCT1, TPK Koja, JICT, and NLE-BC.
- Gained valuable experience in developing scalable and efficient front-end solutions for complex logistics systems.

INFINITE LEARNING   **Feb 2024 – Jun 2024**
Hacker
- Assisted in the development and enhancement of web applications, focusing on creating responsive and user-friendly interfaces.
- Worked closely with team members to implement design requirements and integrate front-end components with back-end systems.
- Focused on improving user experience by applying best practices in front-end development and ensuring intuitive and accessible web designs.
- Engaged in code review processes to ensure adherence to coding standards and best practices, contributing to the overall quality of the projects.
- Gained practical knowledge in modern web technologies and development tools, applying them to real-world projects.

PROJECT EXPERIENCES

ADHIITA   **Mar 2024 – Apr 2024**
Hacker
- Research and Analysis : Identify student needs and challenges faced in current learning methods.Collaborated with a team to develop and enhance the vehicle tracking features on the Logee platform, ensuring a seamless user experience.
- UI / UX Design : Design the user interface (UI) and user experience (UX) to ensure the

LMS is easy to use and attractive.
- Usability Testing : Conduct usability testing with 4 users to get feedback and improve the system before launch.

Pawpals   **Apr 2024 – Jun 2024**
Hacker
- UI/UX Design : Design user interface (UI) and user experience (UX) for web applications, ensuring attractive appearance and ease of use.
- Front-End Development : Developed the front-end of the application using Vite, React.js, and the React Bootstrap 5 framework.

WILDWRLD   **Jul 2023 – Oct 2023**
Hacker
- Web Development : Using PHP to build Backend web applications, Implementing front-end with HTML, CSS, Java Script.
- Responsive Design : Design a responsive website that can be accessed properly on various devices, including desktops, tablets, and smartphones.
- Database Development : Create and manage databases using SQL to store and manage *UMKM* data efficiently.

TRAINING & CERTIFICATIONS
Digistarclass 2024 by Telkom – Hacker – Front End   **Aug 2024 - Present**
- Participated in a specialized program focused on front-end development within the tech industry..
- Gained practical experience through hands-on projects and real-world scenarios.
- Collaborated with a team to develop and enhance features for a logistics platform.

Independent Study Batch 6 – Web Development & UIUX Desig   **Feb 2024 - Jun 2024**
- Received comprehensive training in web development and UI/UX design.
- Studied principles of user interface and user experience design.
- Gained understanding of the web development project lifecycle, including research, design, implementation, and testing.

ACHIEVEMENT & AWARD
Best Project Award – Pawpals   **Jun 2024**
- Received at Infinite Learning for the Web Pawpals project, which involved merging web and mobile platforms to create an integrated solution.
- Recognized for excellence in project execution, innovation, and overall impact, demonstrating exceptional skills and dedication in the development of a comprehensive and effective pet care platform.

SKILLS
Technical Skills
- **Programming Languages** : Javascript, C++, Python, SQL, HTML, PHP, CSS
- **Frameworks** : React Js, React Bootstrap, Bootstrap 5, Laravel, Tailwind CSS
- **Tools** : Visual Studio Code, GitHub, Figma

Soft Skills : Problem solving, teamwork, adaptability.
